

Welcome Message from the Conference Co - Chair

NutriCon 2019 is a global platform for scientists and professionals in the fields of Nutritional and Food Sciences, Pediatrics, Gastroenterology, Endocrinology, Metabolism, Neonatology, Public health, Molecular cell biology and Genetics. It is an outstanding opportunity for international scientists, leaders and beginners, to foster novel interdisciplinary and international collaborations.

On behalf of the NutriCon 2019 organizing committee, I am honoured and delighted to welcome you to the 3rd International Conference on Nutrition, Health and Lifestyle 2019, from 07th and 08th November 2019 in Thailand. I believe we have chosen a Theme that guarantees a successful technical conference touching the fields of Nutritional and Food Sciences, Paediatrics, Gastroenterology, Endocrinology, Metabolism, Neonatology, Public health, Molecular cell biology and Genetics. I also believe that this forum will provide the partners including eminent scientists numerous opportunities for informal networking.

As a conference chair of NutriCon 2019, I know that the success of the conference depends ultimately on the many people who have worked with us in planning and organizing both the technical program and supporting social arrangements.

In particular, we thank those for their wise advice and brilliant suggestions on organizing the technical program; the Publication Committee for their thorough and timely reviewing of the papers, the Local Organizing Committee members who have all worked extremely hard for the details of important aspects of the conference programs and social activities.

I am also particularly excited about the upcoming presentations from our keynote speakers. Most of all, I thank the participants, eminent researchers representing many countries for enriching these annual conferences by your presence. As is a tradition with NutriCon 2019 – I hope you will enjoy the content, renew old friendships, make new friends, get new ideas, and above all, have a good time.

Prof. KKDS Ranaweera

Chair and Senior Professor

Department of Food Science and Technology

University of Sri Jayewardenepura

Gangodawila, Nugegoda, Sri Lanka.
